The base ball nine from this place played at Brockwayville Friday last and got badly left. Score 17 to 3.

John Penhall, of Rathmel, had his right foot badly hurt by a fall of coal in the Sprague mine Monday.

What's the matter with having a steam laundry in Reynoldsville? It would be a paying investment.

The Big Run Echo says that over \$12,000 worth of leather was loaded on a car at the tannery at that place a few days ago.

A number of base ball sports of this place went to Broodville yesterday to see the game between Parker and Brookville.

C. B. Brown, of Potter county, who has been blind for eight years, is at Hotel Belpap with a lifting machine. He is also selling cutlery.

The Punxsutawney Spirit says: "A fly that calmly alights on the nose of a rattlesnake is as valiant as the flea that dined on the lip of a lion."

The game of ball Monday afternoon between the barbers and cigarmakers and a picked up nine of Reynoldsville was won by the former, score 21 to 12.

A new station is being erected at New Bethlehem, which will be a credit to the town. It is to be built of stone and brick and covered with a slate roof.

The M. E. church at Emrickville was struck by lightning one day last week. The damage was covered with insurance in a company represented by Walter Spry.

A young man by name of Painter, who is employed on McMillen's mill, near town, had his left foot badly lacerated Monday afternoon while at work on the mill.

The Sunday school picnic of the Lutheran church, which was held in Reynolds grove last Wednesday, was one of the most enjoyable they have ever held.

A reunion of the veterans of the 62nd, 106th, 63rd, 148th, 61st, Pennsylvania Volunteers, will be held at Punxsutawney on Thursday of next week, August 18th.

Mrs. A. M. Winslow received papers Friday evening bestowing upon her the honor of being the Grand Master's Deputy for Jefferson county for the Daughters of Rebeckah.

G. J. Corwin's photograph gallery will be closed from August 15th to September 15th, 1892. All who have pictures finished will please call for them before the 15th of August.

Ed. L. Means, an employee of the Punxsutawney Spirit, took a trip to New York state last week with a Punxsutawney damsel and returned to his abiding place a benedict.

Aug. Anderson, the one legged newsboy, is now agent for the DuBois Daily Courier. There is no doubt but that the Courier's list will increase in Reynoldsville now as August is a good newsboy.

The regular services will be held in the Presbyterian church next Sunday. The pastor has had a rest, the church has been beautified and now that denonination is ready to again resume active work.

The Christian Endeavor of the Presbyterian church will picnic near Fuller's farm on Thursday of this week. The picnic is for members of the Endeavor only, so says the Social Committee.

John H. Schofield, superintendent of Hopkins' mill, had his left eye neatly trimmed in mourning the other day. It was not the result of a pugilistic encounter, for John is an exemplary quiet young man, but was done with a baseball.

All the school houses in Winslow township will be furnished with new slate blackboards to take the place of the painted boards used heretofore. This will be a great improvement. Slates for all the schools amounted to over five hundred dollars.

Dame Rumor insinuates rather assuredly that ex-Sheriff W. B. Sutter is looking with a covetous political eye towards the prothonotaryship of Jefferson county, waiting longingly until it gets ripe. This is not given for gospel truth, only "a hearin' so."

J. C. Swartz, ex-cashier of the Big Run bank and a promising young man of this city, was in West Virginia last week looking after lumber interests for a Pittsburg firm. The firm is very desirous that Silas locate in that section of the country, and he may do so within three weeks.

The Berwind-White company are making preparations to operate their coal land at Shaffer's Siding, near DuBois. The contract for sinking the proposed shaft has been let to a Pittsburg firm. It is expected that the mines will be in operation by the time '93 is ushered in.

This week we announce the names of W. W. Barclay, of Big Run, formerly of Reynoldsville, J. U. Gillespie, of Clayville, and H. H. Brosius, of Brookville, as candidates for State Senate, subject to the Democratic voters of Jefferson county at the primaries on Saturday August 20th.

The Adriaan hospital is to be moved to some point nearer the railroad, where it will be easier to get to and more convenient for the public in general. DuBois people are throwing out inducements to have it located there. It is not likely that Punxsutawney people will allow it to pass by their town.

J. C. Williams and John C. Dillmon are taking advantage of the fire limit ordinance. Dillmon is building a two story addition to his restaurant and Williams is building a wooden photograph gallery near Centennial hall. The erection of wooden buildings on Main street will soon be a thing of the past.

Every person knows that "Mary has a little lamb," but it is not generally known by the denizens of the suburban district, especially in Paradise, that Jim Mahoney has a little lamb. Although its fleece is not as white as snow, yet it will follow Jimmy where ever it wants to go. The little mutton is being raised to butt-hood on a bottle.

Punxsutawney will be the centre of attraction in this section on Labor Day. It is expected that two thousand miners and laborers will join in the parade. An industrial parade is to be one of the features of the day. Hon. J. W. McBride, president of the U. M. W. of A., and D. C. Gillespie, of Big Run, will address the people in Lindsey grove.

The Congressional Conference of the 2nd district of Pennsylvania, which met at Kiskiminetas Springs on Tuesday, July 19th, and after sixty-one ballots were taken, during the four days devoted to it, the conference adjourned to meet at Punxsutawney at 8:00 A. M. this morning, August 10th. It is not at all doubtful but that there will be a lively time in the conference during the present session.

There is no discount in the fact that the Presbyterian congregation at this place will have a beautiful church to worship in hereafter. The interior of the edifice has been handsomely frescoed, the woodwork re-oiled and a nice new carpet will adorn the floor. Drs. Reynolds and Alexander were the committee appointed to oversee the work. J. J. Hoffman, of Brookville, did the frescoing.

Hicks gives forecast for the remainder of August as follows: "About the 11th, warm and stormy. The 16th, 17th and 18th will show another oppressively warm wave, which, unless it breaks into violent storms, will continue and reach a climax of summer heat and drought about the 22nd and 23rd. At these dates storms will appear. More rain than before in August is promised from the 27th to the last.

Last Wednesday morning J. C. Barto, the man who has recently opened up the neat and attractive green grocery store in the Nolan Block, sent THE STAR office a large delicious, pulpy fruit, commonly called water-melon, for which we are thankful. Mr. Barto has been in business in Reynoldsville for a number of years, formerly proprietor of the City Bakery, but his present store is the neatest one he has ever owned.

Mrs. Joseph Hammond, the stenographer's wife, has been very ill with typhoid fever. Mr. Hammond was unable to secure female help and was compelled to neglect his work and do the best he could, out of his sphere, in keeping house and caring for his sick wife. Mrs. Thos. Hammond, of Bolivar, Westmoreland county, the young man's mother, came to town Monday afternoon and will remain with her daughter-in-law until she recovers.

In a Hurry.

One of the base ball players from Clayville, who played here last Thursday, was in the rear end of the last coach when arriving at Reynoldsville and finding the door locked, he dropped his "grip" out of the window and then jumped out after it. Supt. Rumsey happened to be there and he called the young man down for getting out of a passenger train in such an ungracious way. We apologize for the youth because he has always lived in Clayville and has never been away from home only to stroll through the quiet streets of Punxsutawney, and was a little nervous about coming to a hustling place like Reynoldsville and was afraid of getting lost from his companions, hence he perpetrated the uncouth act. Like a sheep, when the rest have gone out, he would jump a stake-and-rider fence rather than be left alone. It is to be hoped that Clayville and Punxsutawney will become acquainted with the business circles of the world so that their citizens will become civilized.

Not "in It"

A base ball nine christened "Clayville club," which was a misnomer, played ball with a nine at this place last Thursday afternoon. The first three or four innings bid fair for an interesting game, but from that on it was apparent that the Reynoldsville boys would have the little end of the string at the finish. Some of the Reynoldsville nine did creditable playing, while others need some practice before they attempt to do any playing worthy of note. Cook and McCauliff, battery for this place did good work, but did not receive the support from all the players. Some of Clayville's best players were from other towns. Their pitcher was an Indiana county man who has quite a reputation for his work in the box. The score was 18 to 8 in favor of Clayville.

A Rare Case for This Country.

Mrs. William Boyd, of Rathmel, died suddenly Tuesday forenoon, August 9th, and will be buried this afternoon. Two children, one four days old the other eighteen months old, are left without a mother. Although Mrs. Boyd was the mother of two children, yet she only celebrated her fifteenth birthday last April. She was married before she was thirteen years old. It is seldom we hear of girls between 12 and 13 years of age getting married in this country, such cases belonging to other countries. Her death seemed clouded in a mystery and four doctors from Reynoldsville went up yesterday afternoon and, with the Doctor of that place, held a post-mortem examination. They pronounced it the result of blood poisoning.

Baptist Picnic.

A train composed of five coaches having on board four hundred passengers, left the Main street crossing at 9:40 yesterday morning for the DuBois Electric Park for a day of pleasure. It was the members of the Baptist Sunday schools of this place and Prescottville and their friends. The day was a pleasant one, the heat a trifle oppressive, and all who embraced the opportunity of a day's outing had a delightful time. W. S. Stone and Robert L. Miles had charge of the excursion. Tickets were sold for five and ten cents, making it possible for all members of the two schools to go.

Busted His Whistle.

The "Young America" of Reynoldsville is considerably enthused just now over base ball. A juvenile game was in progress Friday afternoon when Frederick, the eight-year-old son of Lawyer Mitchell, got his upper lip, from the lower extremity of his proboscis, cut entirely open. Frederick was catcher, "taking the balls right off the bat." Eugene Black was manipulating the bat when it came in contact with the catcher's upper lip with the above results. A physician was called to sew the lad's lip together. Fred. will not whistle much for a few days.

Glad of it Doctor.

The Ridgway Advocate of last week devoted a half column to describe, in glowing terms, the future prospect of Portland, Elk county, from which we clip the following extract, as it refers to Dr. Harry P. Thompson, formerly of Reynoldsville: Drs. Thompson, father and son, have established an extensive and lucrative practice there and are erecting a handsome residence and office building.

A Small Bite.

Frank Iseman was trying to ride one of their canines Sunday and the dog got weary and sat down, the young rider sliding off behind and in doing so stepped on the dogs tail, which was tender, caused by the bite of another dog. Quick as a flash the dog bit Frank on the back part of his left ear, removing a small piece of that member. A doctor was called and the wound cared for.

A Wise Man.

A gentleman living near town came in the other day and subscribed for THE STAR, paying for the same up to 1894. Our subscription list is increasing daily. The paper contains all the local news of the day. Come in and subscribe and be convinced.

You can get an all solid men's shoes at Robinson's for \$1.00.

DISFIGURED FOR LIFE.

Almost a Fatal Injury From a Horse's Hoof.

A sad and distressing accident occurred in West Reynoldsville at noon last Thursday that came very nearly terminating the earthly existence of J. Clark Wells, a single man about twenty-five years old. He was putting his horses in the barn to feed them and it is supposed he hit one of them with a strap he had in his hand and the animal kicked him. The young man was found lying in the grass unconscious. He was carried to the home of his father, William Wells, and two physicians, Reynolds and King, were summoned. Consciousness did not return for several hours. The doctors found a very critical case to handle. The right side of his face was frightfully lacerated. Half of the upper jaw bone and roof of his mouth up to the eye were so badly shattered that they had to be taken out. His life was at first despaired of. He received nourishment by putting it into his throat from a large spoon. A gum tube was provided, but he preferred the spoon, even though he does strangle occasionally. Mr. Wells cannot explain the cause of the accident, and does not know which one of the horses kicked him. Mr. Wells' condition now indicates a speedy recovery, which we are pleased to note.

Marching Club Organized.

Last Friday evening the cool breeze was laden with martial music, which was produced by Ebenezer and a few other Dailys from the vicinity of Pancoast. The object of the martial strains was to instill enthusiasm in the Republicans and to get them out to attend a meeting in Centennial hall for the purpose of organizing a marching club. The music had the designed and desired effect. A good crowd attended the meeting, over a hundred joined the club and the following gentlemen will act in their respective offices by request of those present: Chairman, Dr. J. W. Foust; vice chairman, John M. Hays; secretary, S. B. J. Saxton; assistant secretary, Henry A. Reed; financial committee, John W. Warnick, John Waite and Dr. J. S. McCreight; Captain, Joseph Cathers; 1st Lt., F. C. Roll; 2nd Lt., O. H. Broadhead. The club will meet Friday evening and will make arrangements for suits, &c.

Night Blooming Cerus.

One of the exquisite beauties of the floral kingdom is the night blooming cerus, yet its beauty is of short duration. Generally about the time the sun kisses the western horizon good night the plant commences to unfold the beautiful white flower that has been carefully concealed. After the sun has visited China and is slowly creeping up over the eastern hills to smile upon Uncle Sam again the flower has been folded in its red covering to decay, its magnificence having been expended in one night. Mrs. Geo. Mellinger and Mrs. Wesley Motter each have a night blooming cerus that bloomed last week.

Left Unceremoniously.

Mrs. James Butler, wife of the man who has been running a barbershop here for sometime, but who has sold his interests and was ready to seek "pastures green," had a warrant issued for her husband yesterday on a charge of assault and battery. Early in the forenoon Jim took the little boy, their only child, from her by force and walked out of town towards Daniel Sharp's where a young man with a livery rig was waiting for Butler and he departed without leaving the address of his intended new location.

Buy Him a New Suit.

Our night policeman is all right and is a good man for the position, but why not dress him in blue and have some style about us? He should be arrayed in blue to distinguish him from common people. If by no other means why not raise a subscription? We suggest that the burgess see that 'Arry is furnished with a nice navy blue suit.

Campmeeting.

Rev. Jenkins, the colored campmeetingist, with his famous singers, will make the valley below town echo and re-echo every evening for the next three weeks with sermons and songs. This company has been visiting neighboring towns for sometime. Jenkins held a meeting in Reynolds grove two years ago.

The Famous Ontario.

There will be a most delightful pleasure excursion to Rochester and Ontario Beach, under the auspices of Mountain Queen Castle, No. 311 Knights of Golden Eagle of DuBois, over the B. & P., on Saturday, August 13th. Train will leave Reynoldsville at 3.30 P. M. Fare for round trip \$2.25.

Increasing the Water Supply.

Joe Caldwell, surveyor of Brookville, has been surveying some land this week that the Reynoldsville water company want on which are several good large springs. The object is to increase the water supply for the demand that will be made by the extension of the line. Another reservoir will be built on the hill.

PROSPECTS BRIGHTENING!

THE CITIZENS STRONGLY AGITATING THE STREET CAR LINE!

Ohio Capitalists Want to Furnish the Money and Build the Road.

We mentioned last week that there were good prospects for an electric street car line in Reynoldsville. The article proved to be a leaven and is gradually leavening the citizens of this bustling town. One gentleman will invest five thousand dollars while there are many others who are becoming enthused and will take stock in an electric line. It will not only be a paying investment, but will be a great boomer for Reynoldsville. A three and a half mile line can be built and equipped for about \$35,000. If the stock cannot be raised in Reynoldsville, Prescottville and Rathmel, there will be no trouble in getting outsiders to take stock. Strange as it may appear, there are but few "tender-feet" who have "aris to remark" that the thing would be a failure. If we would keep abreast with the towns of the present age we must, of a necessity, "get a move on." Now is our seed time if there is to be a harvest. The "whir" of the electric car would bring joy to the merchants heart and money to his till.

Monday morning a trip was taken over the proposed route by F. K. Arnold, W. S. Ross, Albert Reynolds, T. C. Reynolds, W. B. Alexander, R. E. McKee, J. S. Morrow, F. J. Black, Hon. A. R. Mackall, of Liverpool, Ohio, J. B. Arnold and ye editor. The line could be built without any grading worth mentioning. In fact the route is a most desirable one.

Hon. A. R. Mackall, of Liverpool, Ohio, a gentleman who has had some experience with electric street car lines, thinks Reynoldsville would support such an enterprise. He is so confident of the fact that he says if the right of way is granted that he will get up a company in his town and come here and put in a line, providing the citizens of this place fall in getting up a company. If the plan is put in by our town people he wants to take stock in it. Outsiders are more apt to see what a town will support than the people who are within its bounds.

The Prescottville dam can have its old stumps extracted and it would make a beautiful little lake upon which boats could be put for hire. It would make a delightful boating place. On the opposite side of the dam from the pike there could be made an excellent park where a large pavilion could be erected and we would have a resort second to none within a radius of many miles. Such attractions would draw many people to Reynoldsville who now pass by.

Arrangements are being made so that a charter notice will be published next week, giving notice that an application will be made to the governor of Pennsylvania asking for a charter for the intended street car line. Council will be asked to grant the right of way, and there is but little doubt but what our town will be graced with an electric line before the Christmas time of 1892 passes into by gone days. If this is accomplished it will only be a matter of time until our town will be illuminated by arc lights.
